

# Master ORCO : Optimization under uncertainty : Update on Grading and Mini-project

Nicolas Gast

26 octobre 2017

# Grading

20% 1 written test during semester (November 17 or 24)

30% Mini project :

- ▶ Written report
- ▶ Oral presentation (December 24 or January 12)

50% Final exam

## Mini project : details

Group of maximum 4.

- Written report (5-10 pages). Contents :
  - ▶ Presentation of the problem
  - ▶ Mathematical model
  - ▶ Studied solution
  - ▶ Numerical results

Should be sent to us by email at least 4 days before the oral presentation (Monday night).

- Oral presentation : last day of the course.
  - ▶ 10 min of presentation (per group)
  - ▶ 10 min of discussion / question

$20\text{min} \times (6 \text{ to } 8) \text{ groups} \approx 3\text{h}.$

Note : except for particular cases, all members of the group will obtain the same grade.
